Something Interesting to Everybody

Our special offer this week is PAINT at a reduced price.

Upon going through our Paint Stock, getting ready for spring business, we found a good many cans with soiled labels and we want to keep our stock clean. That is the reason we are reducing the price and the paint is as good as it ever was. If you are going to use any paint, better take advantage of this, it won't last long. We want to give notice that May 1st, "Colonial" Paint will advance to \$1.75 (price it is usually sold at in good paint stores). Better decide what you want and buy it now. You cannot doubt the quality of the paint when you look at the houses here in St. Johnsbury that are painted with it. Our BARN PAINT at a special price is worth looking up. Paint for farm implements, carriages, etc. You will want some FLOOR PAINT very soon, don't forget that it is "Colonial" that makes the floors shine.

Got any Hard Wood Floors that look a little rusty? Our KYANIZE will brighten them up, it doesn't scratch white. Good for the wood work, furniture, etc. We have a large stock of JAP-A-LAC, the thing that "makes old things new."

We still have a lot of ROOFING—accumulations of odd lots, 25 per cent off the regular list. All thicknesses of smooth surface from 1.00 to \$4.00. We probably have the largest stock in the state, we buy in five car lots.

People are buying that Hard Wood Flooring at \$15.00 and do you wonder at it? North Carolina Pine finish is getting very popular and it is fine stuff. People are sending in their orders from all round.

By chance we have been able to get a car and a half of Clapboards—tight squeeze though—still they're good as long as they last. We are still selling wire fence, both field and poultry. The poultry is O. K., cheaper than wire netting and will last ten times as long.

PERFECTION PULP PLASTER.

You ought to see it sell. By the bag or by the ton or carload. People who have used it recommend it very highly—it is so easily laid, you know, dries quickly and suits in every way. Our trade in this is increasing remarkably fast.

GENUINE AKRON SEWER PIPE.

Get ready for spring business, we are ready and we have the stuff. Send us your order by mail, telephone or take a hack at our expense, anyway keep us in mind.

FOLLENSBY & PECK.

A Challenge

WANTED a match game of 500 points pool to be played in three series, 150 points first night, 150 points second night and 200 points third night, for the professional pool championship of Vermont. Open to any man in the state, William P. Brown of St. Johnsbury preferred, as he claims the title conditions. I will play on any first-class pool table, the balls all one color and good lights, with the privilege of selecting one of the two referees. Game to be private or public, for a purse of \$1500 or any part thereof, within two weeks of this challenge. Address R. F. D. Jr., St. Johnsbury, Vt., care CALEDONIAN.

St. Johnsbury Post Office.

There are three ways of getting your mail in this office, by the carrier, in the general delivery or through a lock box. The number who are patronizing the latter service is constantly growing as the convenience of a lock box is recognized. The owner of a box can get his mail immediately after its distribution by the carriers, and on Sundays and holidays he does not have to depend on the office hours for general delivery as the lobby is open all day, seven days in the week, and 365 days in the year.

There are three sizes of lock boxes to rent and the price of the boxes is 60 cents, 75 cents and \$1.00 a quarter according to the size of the box.

We should be pleased to rent boxes or explain the system further to any prospective customers.

These are the advertised letters for the week—Ladies: Mrs. Jason Robinson, Gentlemen: C. O. Farrar, Arthur M. Gladstone, Louis Noe, Carroll H. Vincent.

Do You Use It Straight?

Or mix a little something with it?

We refer to SUCRENE Dairy Feed, nothing else!

If you feed SUCRENE straight, do not depart from the practice.

If you are feeding bran, shipstuffs, gluten, etc., add one-half the amount of SUCRENE.

It is succulent and appetizing and the Molasses in it will help along the digestion of the other stuff. A little sugar will improve any ration.

Even ensilage is greatly improved by its addition.

Molasses not only makes MILK, but it makes MORE MILK.

Sugar the Herd

and thereby sweeten the milk check.
